Claims Procedure Guide

How to report a claim, what we ask for, what happens next, settlement, payment and disputes.

This is a fictional specimen policy wording created solely for a software demonstration. Copperleaf Auto Insurance is not a real company. This document is not an insurance contract and provides no coverage.

1. How to Report a Claim

You can report a claim 24 hours a day through any of these channels:

- Riley, our chat assistant, on the Copperleaf website or in the Copperleaf app.
- By phone with a Copperleaf claims representative.
- In the Copperleaf mobile app (upload photos directly).

Report as soon as practicable after the accident or loss. Late reports can delay a claim and may make it harder to confirm what happened.

2. First Notice of Loss - What We Ask For

- Date and time of the accident or loss.
- Location (street, city and state).
- Other parties involved - names, phone numbers, license plates and their insurers.
- Injuries to anyone involved.
- Police report number, if the police attended or a report was filed.
- Photos of the damage and the scene.
- Damage areas (for example front bumper, windshield, driver-side door, trunk).
- Whether the car is drivable.
- Your preferred repair shop, if you have one.
- A repair estimate, if you already have one.

3. What Happens Next

Glass claims

For a chipped or cracked windshield or a broken window, glass repair or replacement is arranged within 2 business days. Glass-only claims do not count against your claims-free discount.

Standard claims

For other claims, an adjuster contacts you within 2 business days to review the damage, arrange an inspection and explain your coverage and deductible.

Claims specialist review

Some claims are reviewed by a claims specialist before payment, for example larger claims or claims where the policy wording needs a closer look. If we ask you for information during a claims specialist review, please reply within 10 business days. You will receive a reference number and can check the status at any time.

Theft

A police report is required for every theft claim. If the car is not recovered, there is a 30-day waiting period before a total-loss settlement. If the car is recovered within the 30 days, we pay for covered damage caused by the theft.

4. Settlement and Payment

- Your deductible is applied at settlement: we pay the covered amount above the deductible, up to the applicable limit.
- You may choose any licensed repair shop. We may inspect the damage and the repair estimate before work begins.
- Payment is made within 5 business days after the claim is approved.
- If your car is a total loss, we pay its actual cash value (or a new car under New Car Replacement, if shown on your declarations page), minus the deductible.

5. Claim Status Meanings

- Submitted - we have your claim and an adjuster will contact you.
- Under Review - an adjuster or claims specialist is reviewing the claim before payment.
- Approved - the claim is approved and payment is being issued.
- Denied - the claim is not covered; we explain the reason in writing.
- Settled - payment has been made and the claim is closed.

6. If You Disagree With a Settlement

If you disagree with a settlement amount or a decision about fault, ask us to review it. A person on our claims team reviews every dispute; it is never decided automatically. You may also use the Appraisal condition in your policy for disputes about the amount of a physical damage loss.
